

## Let us pray for our friends

Let us pray for our friends,  
that they may lead happy and useful lives;  
Let us pray for any friends  
    with whom we have quarrelled,  
that we may have the chance to be reconciled;  
Let us pray for those who are living in new surroundings  
    and lack friends.  
Let us pray for those who have lost their friends  
    by the way they live;  
Let us pray for those who befriend the friendless.  
God our Father,  
make us true and loyal friends.  
Grant that all our friends  
    may lead us nearer you.
