

## God of eternal life

God of eternal life,  
bless all who contemplate  
taking their own life.  
Grant them peace  
from the internal fears and doubts,  
from the turmoil of failures,  
from the pain and suffering in their souls.  
Endow them with hope  
for the days ahead,  
courage to make new beginnings,  
and love to strengthen  
their resolve to live;  
in the name of Christ  
we pray.
