

## For medical staff

Almighty and everlasting God,  
who sent your Son Jesus Christ  
to be the Saviour and the Healer of men and women,  
we pray that you will bless the work  
of all the hospitals and medical services in Victoria.  
Give strength and courage to the doctors and nurses,  
and help them to have ever present in their minds  
the example of our Lord, and of his tenderness  
and sympathy for all human suffering.  
Give them grace to be faithful in their calling,  
that your divine work of healing may be fulfilled.  
We commend every patient to your loving care;  
soothe their pain,  
relieve their anxiety,  
help them to cast all their care upon you,  
and to know your presence with them at this time.  
Grant this prayer, we ask you,  
for the love of your Son Jesus Christ our Lord. Amen.
